

SSIS Best Practices

Film Making Workshop

A basic film-making workshop to familiarize students with basic film-making skills which they can use to create audio-visual IR issues-related projects

How Storytelling Has Progressed Throughout the Ages

Visual and Oral Storytelling

Primitive paintings and etchings were used to tell stories as far back as 30,000 BC.

Written Storytelling

Written documents changed the way stories were told, delivered, and then collected. The first modern newspaper was printed during the 1600s.

Digital Storytelling

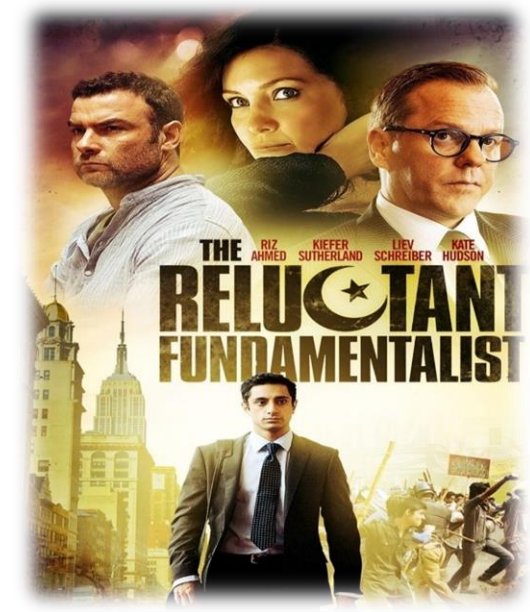

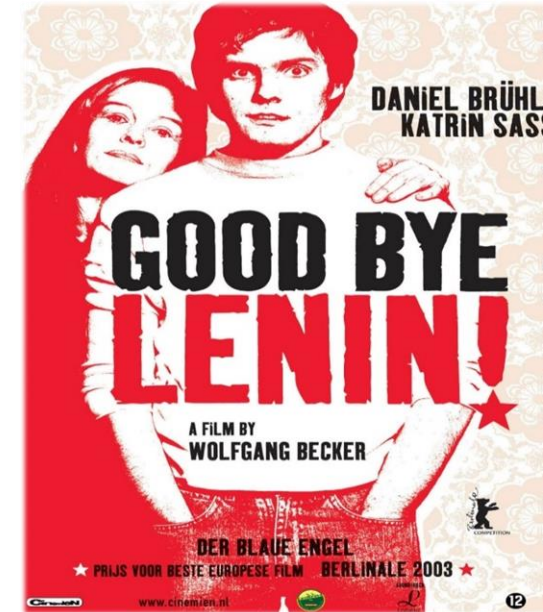

The technological advancements of the 1900s and 2000s paved the way for digital storytelling, which we now enjoy today.

Indian Review of Global Affairs – Student-led research portal; student editorial board; Mentorship from in-house and distinguished faculty

Systematization of Internship

Teaching IR theory and concepts through films
