## **STUDENTS' RESEARCH CONCLAVE 2023**

### **Indian Strategic Culture: Addressing Global and Regional Challenges**

This students' research conclave scheduled for 31 October 2023, is a precursor to the ninth edition of the **International Relations Conference (IRC) November 2023 on India's Strategic Culture: Addressing Global & Regional Challenges** organized by the Symbiosis School of International Studies under the aegis of Symbiosis International (Deemed University), Pune on 25-26 November 2023 which will be **inaugurated by the Hon'ble External Affairs Minister of India, Dr. S. Jaishankar**. With the global shift towards India's growing centrality in international relations, it is the opportune moment to engage in deliberations that would bring about changes in the discourse and narrative on Indian strategic thought in the realm of international relations, especially through a non-western lens. We invite young student scholars to articulate, contribute and share their knowledge and insights on selected themes through **well-referenced original essays**, to be presented at the research conclave.

Given that strategic culture comprises a country's worldview, understanding of subject-object relations and behaviours based on that country's history and geo-political and geo-economic situation, the time has come to ask how India has thought about international relations. Through the presentations by the students, the conclave will attempt to trace the traits of India's distinctive style of negotiations at the global platforms as well as its emphasis on strategic autonomy within the majorly contested global power space. Thus, the unique angle adopted by this conclave lies in providing an opportunity for the students to showcase their knowledge and research skills on the topic and learn extensively from the enriching discussions in the IRC 2023 at the later stage.

#### **Important Dates:**

- **Paper Submission Deadline: 20 October 2023, 2 p.m.**
- **PPT Submission Deadline: 25 October 2023, 2 p.m.**
- **Students' Research Conclave (Online): Tuesday, 31 October 2023, 10 AM - 4 PM**
