

SSRC 2024

The SSIS All India Students' Research Conclave serves as a lead-up to the tenth chapter of the International Relations Conference (IRC), to be organized by the Symbiosis School of International Studies, under the aegis of Symbiosis International (Deemed University), Pune on 23-24 November 2024;

The theme this year is "Shaping the Future: India's Collaborative Pursuit of Emerging Technologies". It would deliberate on how India's scientific and technological heritage has influenced its ability to adapt and integrate contemporary technological advancements such as cyber, biotechnology, quantum, computing, and AI and the consequent impact on the ability to influence global politics. In alignment with the NEP's objective to integrate technology into our education system, the conclave will provide an opportunity for the students to enhance their ideational engagement with the pursuit of technology-related debates in an academically stimulating environment.

- We invite young scholars to articulate, and share
- their knowledge and insights on the selected
- theme through well-referenced, original and unpublished research articles .
