

CAREER COUNSELLING SESSION

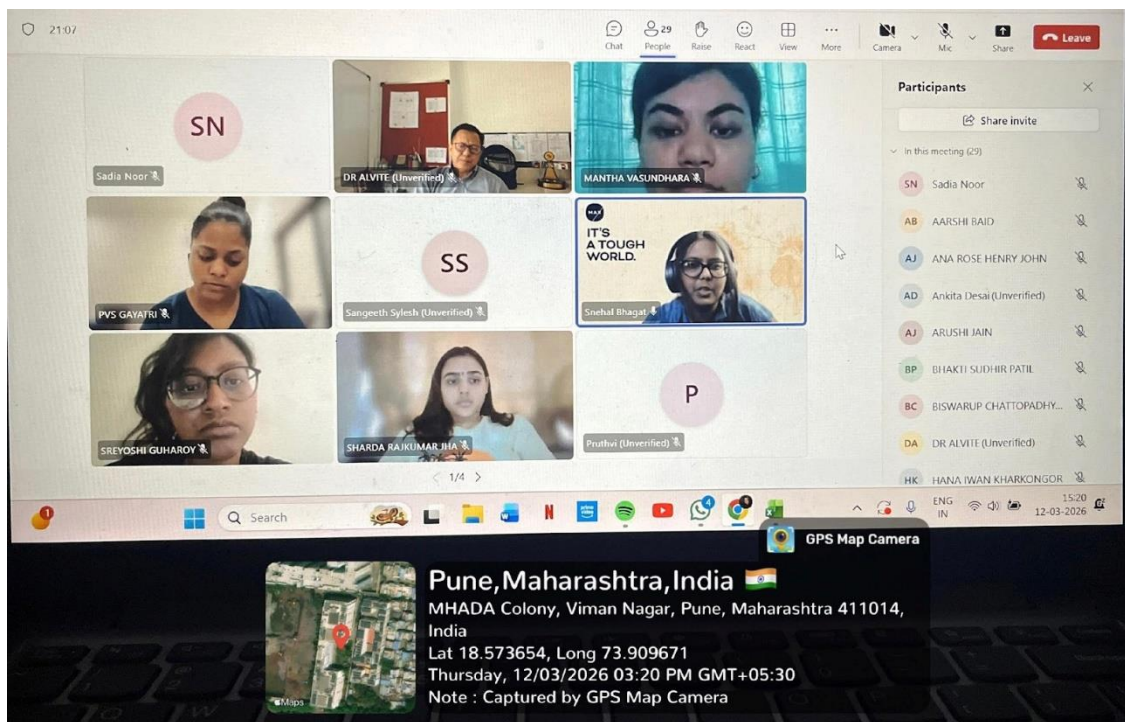

Details of Resource Person: Ms. Snehal Bhagat (Max Security)

Date: 12th March 2026

On 12 March 2026, the Symbiosis School of International Studies (SSIS) organized an online career counselling session with the representatives from Max Security for the batch 2024-26 preparing to enter the job market. The session aimed to introduce students to career opportunities in risk analysis and to familiarize them with the professional expectations of the industry.

During the interaction, the representatives provided an overview of the firm. The first half of the session focused on familiarizing the participants with the institutional structure. The role entails a remote analyst position and will offer an extensive training program for the selected candidates where the trainees will be working under senior analysts to gain practical exposure to real-time risk monitoring and reporting. Analysts will be expected to produce fact-based assessments by carefully evaluating sources and following a structured methodology.

Emphasis was placed on possessing strong analytical skills, precise writing ability, and a well-informed understanding of geopolitical dynamics. Students were also informed about the career structure, promotion system, and work schedule. The application process is expected to commence in the second week of April 2026, providing interested students with an opportunity to pursue a career in the global risk analysis sector.
